Subject: Facility #34-05, RJRT Compliance Order dated April 17, 2009

Ms. Drummond:

This letter follows up on our telephone conversation this morning and serves as a further follow up to our informal conference on May 18, 2009 and my May 21, 2009 e-mail relating to the "Conditions for Compliance" in the April 17, 2009 Compliance Order. As we have discussed, we have retained ERM to assist us with the action items in the Compliance Order. We look forward to meeting with you this Thursday, June 25 to discuss a proposed workplan and timeframe for completing the various tasks in the work plan. We would request that the timeframes set forth in the proposed workplan supersede or replace the deadlines currently set forth in the Compliance Order.

If you should have any further questions or require additional information concerning this request, please contact me at your earliest convenience.

Again, we look forward to our meeting on Thursday, June 25 where we will review our proposed assessment plans.

Sincerely,

Stephen C. Curl, PE
